PROFESSIONAL EXPERIENCE

DOMAIN TECH HUB | Web Developer & Digital Solutions Specialist

Nairobi, Kenya | 2026 – Present

- Design and develop responsive websites and digital platforms based on business and user requirements.
- Build and customize web solutions using HTML, CSS, JavaScript, React, PHP, and WordPress according to project needs.
- Manage the full delivery lifecycle from requirements gathering and planning through development, testing, deployment, and maintenance.
- Design website structures, navigation, user journeys, page layouts, and functional workflows for business-focused digital products.

- Integrate third-party services and APIs to extend platform functionality and improve business workflows.
- Test websites and digital platforms for functionality, responsiveness, compatibility, and usability before launch.
- Troubleshoot issues affecting websites, applications, hosting environments, integrations, and production systems.
- Optimize websites and platforms for performance, usability, and search visibility.
- Manage domains, hosting, SSL certificates, backups, deployments, updates and ongoing technical support.
- Work directly with clients to translate business objectives and requirements into practical technology solutions.
- Develop landing pages and digital platforms designed to support lead generation and customer acquisition.
- Work on CRM and business automation solutions aimed at reducing manual processes and improving operational efficiency.
- Coordinate with clients, designers, marketers, and other stakeholders while managing multiple projects, requirements, timelines, and quality.

MyCityKeyto | Website Developer & Digital Marketing

September 2025 – June 2026

- Designed and developed the **MyCityKeyto website**, a digital platform connecting users with restaurants, accommodations, activities, and experiences.
- Managed and continuously updated the website, including **business listings, restaurant pages, content, images, and website structure**.
- Implemented **SEO optimisation** across restaurant and business pages to improve search visibility and organic traffic.
- Improved the website’s **user experience, navigation, subscription flow, and booking experience**.
- Added and managed **80+ restaurant and business listings**, ensuring accurate information and optimised content.
- Created digital graphics and visual content to support the platform’s marketing and promotional activities.
- Monitored website performance and identified opportunities to improve **SEO, engagement, conversions, and overall digital presence**.
- Provided ongoing **website maintenance, troubleshooting, content management, and technical support**.

FINE URBAN LTD | Digital Marketer*March 2024 – August 2025*

- Developed and implemented data-driven digital marketing strategies aligned with business objectives.
